## *Award Winning Notification*

*Respected Sir,*

This is to notify and congratulate you on your winning The Award of Excellence in the domain of modern advocacy. Let me congratulate you personally and on behalf of all the jury members for this distinction.

MASHRA has proven beyond reasonable doubts that Cameroonian NGOs that want to be result-oriented should follow its footsteps especially when it comes to advocacy.

The journalists and society assessed your MASHRA's work based on self-improvement, institutional achievements measured against original circumstances and potential capabilities. Furthermore, the jury also focused on MASHRA's advocacy programmes and accessibility. In fact you were worthy in: Adaptability and Awareness Creation, Humanity and Community Orientation.

In 2013 MASHRA possessed the strength to overcome the greatest obstacles and equally displayed the ability to adapt fast and efficiently to changing circumstances while being steered by the valued epitome of empowering and informing society. Your HIV-AIDS advocacy programme is a mark of reference in Modern Advocacy.

This award is not only in recognition of your antecedents but above all to acknowledge the contribution from those who worked with you to attract public attention.

Considering these achievements and innovations, you were voted as the "**Best NGO in Modern Advocacy**".

The Eye Award is recognition of society and journalists of earnest efforts of those who have been doing extraordinary things towards nation building. It's an appropriate way to say congratulations as we promote role models for the society. You being voted to receive this award is an honour of honour in a true sense. We look forward to seeing you at the fun-filled award ceremony of August 9, 2014 at Nkambe, 3pm local time.

Once again hearty congratulations!

Sincerely yours,

**Fai Cassian Ndi**
