

Herbal Treatment For Severe Wet Dreams In Men

When boys undergo puberty they experience spermarche, the process where they experience the ejaculation of semen (it is the liquid that contains sperm). This is involuntary process followed by erection of male organ and it can be very exciting or cause embarrassment. Sometimes, the problem of wet dreams can cause extreme inconvenience to growing men. Men above the age of 20 who are not in relationship may feel tiredness, pain and irritation due to repeated dreams. Allopath believes the process of ejaculation through wet dreams is normal; however, ayurveda provides certain remedies that can reduce the nuisance caused by it, in a natural way. Authentic treatment for severe wet dreams in men is provided by herbal methods of cure and the best herbal treatment for wet dreams is provided by herbal cures NF Cure capsule and Vital M-40 capsule.

Herbs are made up of strong natural components to fight different health conditions and the best herbal treatment for wet dreams is provided by NF Cure capsule and Vital M-40 capsule. It provides authentic treatment for severe wet dreams in men as the capsules can improve strength to the body organs. NF Cure capsule and Vital M-40 capsule contains more than 15 herbs including Asparagus Adscendens (Safed musli), Mucuna Pruriens (Kavach Beej), Withania somnifera (Ashwagandha) and features of

some of the herbs are mentioned below-

1. Asparagus Adscendens - It is a strong neuro-protective agent that can helps in improving control over body parts. It provides authentic treatment for this problem as it reduces general debility in any body organs. It is also an effective nutrition tonic and is also a demulcent.
2. Mucuna Pruriens - The herb Mucuna Pruriens helps men who are under stress. It is very effective in reducing the level of psychological stress and

debility caused by it. A research on 60 subjects indicated a regular use of the herb helped in reducing seminal plasma lipid peroxide levels. The herbs re-establish anti-oxidant effects on body to improve fertility in men, improve semen quality and better management of stress. It is effective in reducing the symptoms of diabetes and it has been found to be an effective in reducing diarrhea, leucorrhoea, and dysentery.

3. Withania somnifera - Withania somnifera is effective in reducing the problem of mood disorders in patients suffering from behavioral issues. Bioactive glycowithanolides (WSG) is found in the roots of the herb that can reduce anxiety and stress.

Although a correlation between the frequency of emission and hand practice is assumed, no clear evidence relating the two has been reported. In general, the normal frequency of wet dreams varies from once in 3 weeks to once in 5 weeks. Married young men have lesser number of occurrences of emissions as compared to unmarried young men. Some unmarried young men may have it too frequently until they get a conjugal partner and in certain cases, the problem may continue to exist throughout their lives. These herbs provide best herbal treatment for wet dreams and its proper composition is found in both NF Cure capsule and Vital M-40 capsule to deliver authentic treatment for severe wet dreams in men.
