

## *Herbal Remedies To Make Vagina Tighter Naturally*

The vaginal muscles are stretched to the maximum during childbirth and in most of the cases the female genital passage fails to regain its original shape. In the first childbirth itself the muscles may lose their flexibility. The genital passage becomes loose due to other reasons as well. Frequent lovemaking, use of surgical methods during delivery to take the child out, use of sexual toys, sexual contacts with multiple male partners and lack of sex drive can also cause this condition. How can women come out of the problem? The best as well as safest solution is to use herbal remedies to make vagina tighter. Since the herbal remedies contain purely natural ingredients they will cause no side effects whatsoever. The herbal remedies not only help to make vagina tighter naturally, but also alleviate the problems of leucorrhoea and formation of bad odor.

Detection of loose vagina:

When a woman finds it too difficult to achieve orgasm during lovemaking and fails to satisfy the male partner she feels very much embarrassed. The woman gets frustrated when there are repeated complaints from her male partner about his dissatisfaction during coition. A woman can confirm whether her

vaginal muscles are loose by various methods. When the finger is not feeling the grip when it is inserted into the vagina it indicates that the genital passage is loose. If she finds that three or four fingers can be easily inserted into the genital passage and if she has to struggle a lot to achieve orgasm, it is confirmed that the genital passage is loose. On confirmation of the condition, the woman may start using herbal remedies to make vagina tighter in order to get rid of the problem at the earliest.
