DURABLE DESIGN

Hardened Steel Alloy Rack and Pinion drive gears provide durable splitting technology.

POWERFUL SPLITTING PERFORMANCE

Twin 90lb. flywheels generate a 365 rpm splitting force that will split the most dense and stringy wood.

NO MORE PAINFUL BENDING

Adjusts to your height.

**TAKE THE TIME AND BACK PAIN
OUT OF SPLITTING WOOD.**

SAVE SPACE

Retractable hitch for easy loading of wood to your truck bed. Small storage footprint.

**NO MORE PICKING UP
SPLIT WOOD OFF THE
GROUND**

Industry's Largest 33" work table.

SAVE TIME

Splits 4 times faster than a hydraulic splitter. Splits 30" diameter and 24" long rounds.

SAVE MONEY

No hoses, No hydraulic fluids. 2,000 splits in 2/3 of a gallon gas tank.

SAFETY FIRST

Operator "hands free" activation handles
